SCI Client Services
4448 West 12th Street
Houston, Texas 77055

Dear Paul:

Now that we have occupied our new office and warehouse that we leased from the Security Capital Group, I just wanted to take a moment to bring something to your attention.

I am very pleased on how the Camden Construction people handled their business. Dealing with Jed and Jeff made our transition to our new office most advantageous. They were most accommodating and helpful with information concerning our needs and desires. I am aware that they had to perform our finish out in a very short period of time in which they accomplished and did an excellent job.

I find Camden Construction to come highly recommended and I look forward to using their services again.

Thanking you,
BUELL SUPPLY COMPANY

William J. Barnett
