RE: 28,637 SF build out – Global Docugraphix

Dear Jed:

I would be terribly remiss if I did not acknowledge the super job done by your crews on the above-referenced tenant finish here at Bondesen Business Park.

Like all jobs, each one brings its own set of challenges. This time we worked through the issues needed to satisfy the fire marshall. Camden Construction and its sub contractors handled each circumstance with professionalism and efficiency.

Just wanted to let you know that we appreciate the fine performance of Camden Construction!

Sincerely,

Stephen Dunn
Executive Vice President
