To Whom It May Concern:

We recently moved into a newly renovated office space and had the pleasure of working with Mr. Jeff Knepp of Camden Construction. The job went exceptionally well and on time as scheduled. Camden Construction was always very professional in their trade of work and we are very pleased to have dealt with them. Mr. Knepp was always courteous and addressed all of our concerns. We will highly recommend Camden Construction as a contractor in the future.

Sincerely,

David Davidson
