Dear Jed,

Thank you very much for the very professional way that you handled the needed contacts with the City and the electrical work required to obtain the Certificate of Occupancy for North American-Nutron's warehouse. I was informed yesterday that you delivered the Certificate to the warehouse including guidance on details for posting etc. Your explanation to the right City people regarding the proposed requirement for a new door to the warehouse saved our Company a costly and unneeded expense. Thank you again.

Sincerely,

J. C. Weisinger
